## 5. Do the Multiple Choice Strategically

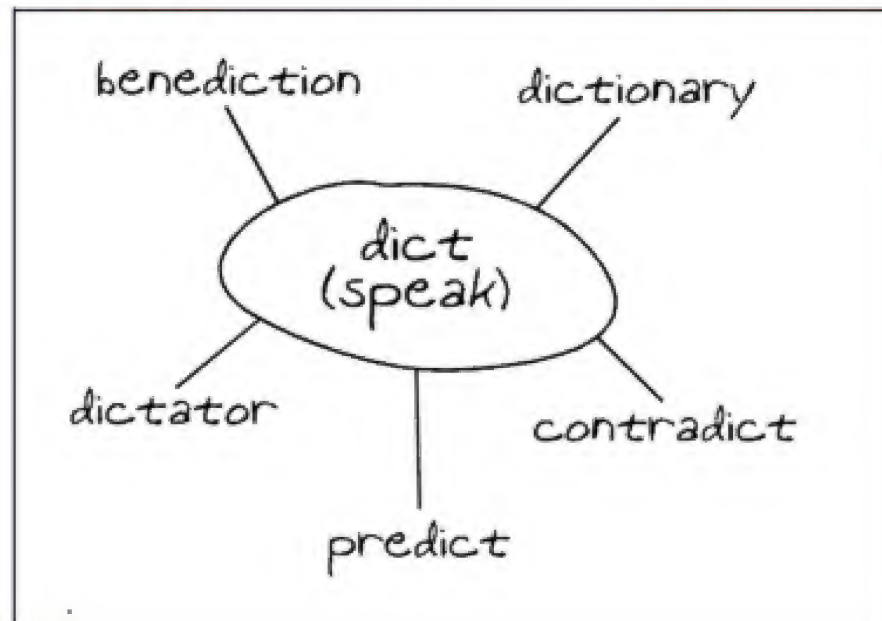

- Find the easy ones first (First Pass)
- Do the 50/50s (Second Pass)
- Skip the time wasters (questions that are too hard, have two right answers, or are simply too long).
- Do not be afraid to guess – be sure to fill in everything.

## 6. Use the Test Against Itself

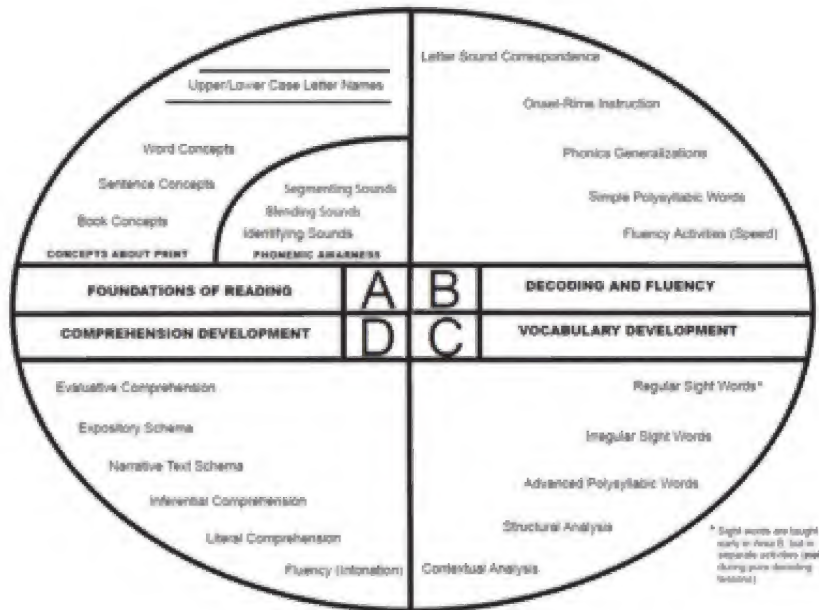

41. A middle school teacher writes the morpheme *dict* on the board, pronounces it, and explains that *dict* derives from the Latin word for "speak." The teacher then asks students if they can think of English words that start with or include *dict*. The teacher uses the students' suggestions to create the diagram shown below.
